

TM-5 80W-90

ALL-SEASON UNIVERSAL TRANSMISSION OIL OF API GL-5 GRADE.

SPECIFICATIONS:

SAE 80W-90

API GL-5

DESCRIPTION:

Used for lubrication of trucks and cars transmissions, and other vehicles, where transmission oils of GL-5 grade is recommended, in hypoid gears, operating under impact loads at contact stresses over 3000 MPa and transmission oil temperature in the volume up to 150 °C.

Produced of high-quality base oils with extra additives package.

BENEFITS:

- The highest performance level;
- Smooth gear change and quiet operation of the transmission;
- A modern package of extreme pressure additives provides a high level protection for various loads including impact loads;
- Significantly reduces the wear of gear transmissions and bearings.

TYPICAL CHARACTERISTICS:

Kinematic viscosity at 100°C, mm²/s	15.7
Density at 20°C, kg/m³	895
Viscosity index	92
Flash point in open crucible, °C	230
Pour point, °C	-25

Packing	Vendor code	Barcode
Barrel metal 200l	001801	482007024224
Bucket tin 20l	005497	482007024074
